

Announcement

The Games we love...

Multiple Teams

The Games Organising Committee wishes to announce that States can enter more than one team per sport if they have sufficient numbers.

Deaf Sports Australia has been approached by a number of States and Sports asking if they can enter more than one team for a sport. The Board of Directors has approved this provided that teams remain State-based.

All teams in a sport competition (regardless of State) will be eligible to win a medal in their sport, however each State must nominate **one** team that can win points for the ADSF Cup.

If a State is unable to fulfil the minimum number for a team entry, they may utilise players from other states. It is permissible however it is best to check with the Sport Convenor or the relevant National Deaf Sport Organisation first.
